Oslo Cup 2024 Tournament is the part of EFC «Fencing for Everyone” tournament series according to the EFC «Fencing for Everyone” tournament regulation:

Countries which can register fencers

The tournament is open for countries affiliated in the EFC, plus countries from other continents which are registered with the FIE.

The registration of fencers, coaches and referees from Europe and other continents is possible only for persons who possess a valid EFC license. **Registration of all persons must be done through the EFC service portal within 7 days before competition starts.**

Individual tournament

Each member federation can register an overall total of 24 fencers for each tournament, between 13-23 years old. Taking into consideration the general objective of the project we are anticipating that federations will register 12 fencers in the U-23 category and 12 fencers in the U-20 category. If a federation does not use their quota of 12 registered U-23 fencers, the remaining number, up to a maximum 6 fencers, can be used by the federation to register additional fencers in the U-20 age category. For the organizing country the quota is doubled.
