**Format** Two fencers (regardless of gender) form a team. Each team match consists of 4 bouts. In a match between a lady and a man, only the lady's hit counts in case of a double. The team with the most individual victories wins the team match and gets 3 points. In the event of a tie, both teams get one

point and the team with the better hit difference gets an additional point. In the event of tied points in the end of the tournament, the total hit difference decides. Whether every team fights against each other or it will be fenced in rounds depends on the number of participants.
