REFERRING AND RULES OF ENGAGEMENT

FORMULA:

The EFC adopts the same formula as those of the FIE Junior World Cups.

In individual competitions, pools will be composed as follows:

1. Junior FIE ranking
2. EFC U23 circuit ranking + 500
3. Places for unranked fencers are drawn at random.

In team competitions, the composition of the table will be based on the EFC team ranking.

PARTICIPANTS IN THE INDIVIDUAL COMPETITION:

Each member federation may enrol a total of 24 fencers aged 13 to 23 for each tournament. Given the overall objective of the project, we anticipate that federations will register 12 fencers in the U-23 category and 12 fencers in the U-20 category. If a federation does not use its quota of 12 registered U-23 fencers, the remaining number, up to a maximum of 6 fencers, can be used by the federation to register additional fencers in the U-20 category.

The host country, in this case France, will have its quota doubled.

PARTICIPANTS IN THE TEAM COMPETITION:

One team per country may be enrolled with each team having at least two U-20 fencers

REFEREEING: According to EFC rules:

- 1 to 3 registered fencers: no referee
 - 4 to 9 registered fencers: 1 referee
 - 10-15 registered fencers: 2 referees
 - 16-24 registered fencers: 3 referees
- ❖ For teams Competitions: 1 referee per team

License level: EFC C or FIE referee categories are required

In the event of non-registration of each required number of referees via the EFC service portal, the associated federation must pay a fee of 500.00 EUR to the EFC. This will be necessary to cover the expenses of the missing referees appointed by the EFC.

Note: The EFC delegate will hold a debrief meeting for all referees 45 minutes before the start of competitions. All referees must attend.

The top 4 finishers in individual events will all be rewarded.
The first 4 teams will be rewarded.
